RC                    Rob Candelino

RC    My name is Rob Candelino. I am from Canada originally. I live and work in the UK, and I am the Global Brand Director on Surf. I was kind of an unconventional hire. They had never hired from my school. I brought a different set of skills to the table than what we typically hired for, but thankfully for me I had someone who took a chance on me, and 11 and a half years later, and three countries later, here I am.
